WET CONDITIONS DELAY OPENING OF OUTDOOR SPORTS FIELDS

Lloydminster, AB/SK – Lloydminster residents and user groups asked not to use outdoor city sports fields, until conditions change.

“City sports fields will not be opening on May 1st as traditionally scheduled. The cold wet weather has taken its toll on our fields forcing us to push back opening of the fields a minimum of one week.” Says Blake Nielsen, Manager of Parks “We anticipate that it will take a week without precipitation, and warmer weather to dry them up enough to prep them for the season.”

Please assist the parks crew in limiting damage by staying off fields until they are dry enough to be utilized.
