Graffiti Program Looks Towards the Future

Lloydminster, AB/SK – This summer, volunteers have removed graffiti along walking trails between 36 Street and 31 Street. The program is the result of a partnership between the Lloydminster Community Youth Centre and the City of Lloydminster that began in 2016.

The Graffiti Program partnership had originally developed as a result of the City receiving numerous graffiti complaints along the trails near Anniversary Park. It was determined this would be a great opportunity to showcase the positive impact youth can have in the community and encourages involvement in volunteerism.

2017, was an outstanding success. Volunteers from the Lloydminster Community Youth Centre tackled extensive graffiti vandalism along the walking trails between 36 Street and 31 Street. Graffiti was removed and covered up, making the trails more pleasant and enjoyable for all.

The Graffiti Program will continue in 2018. Residents and businesses wishing to donate time and/or supplies to next year's program may contact the Lloydminster Community Youth Centre by email at lloydouthcentre@gmail.com or phone 306-825-3113.

All residents are encouraged to remove graffiti on their property as soon as it occurs in accordance with the Community Standards Bylaw.
