City Moves Forward with Landfill Expansion

Lloydminster, AB/SK – Lloydminster City Council voted to award the Lloydminster Landfill Cell 1.3 construction contract to BTO Contracting LTD. during the Sept. 25, 2017 Regular City Council meeting.

City Administration anticipates that active landfill cells will reach capacity by June 30, 2018. Construction of the new cell will begin later this month.

“Our goal is to ensure sustainable, environmentally sound infrastructure for our community,” said Dave Henning, Acting Executive Manager, Operations. “Waste disposal is an essential service and it is important this project move ahead swiftly to ensure our landfill can operate without interruption.”

Primary earthworks are expected to be completed by December 2017, with construction resuming in the spring to reach its conclusion by the June 30, 2018 target. The project is expected to cost approximately \$2,735,000.
