November 30, 2020

### **City Manager Introduction**

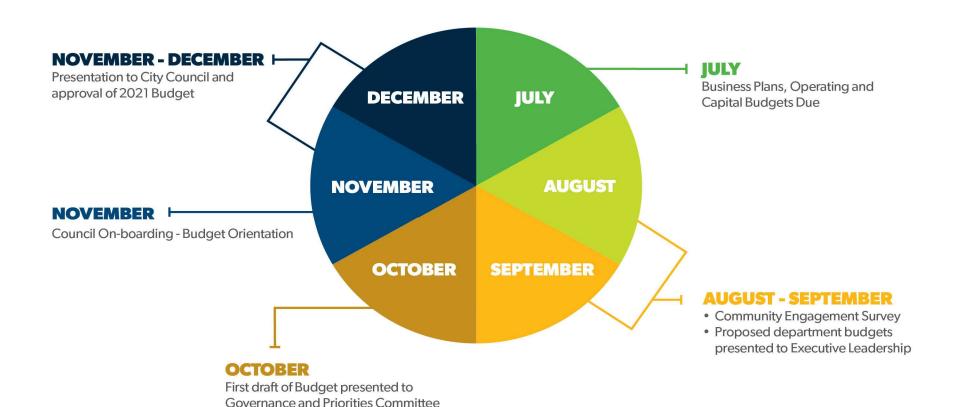

For consideration of Mayor and Council, City of Lloydminster Administration is pleased to present the Draft 2021 Municipal Budget.

Administration has endeavored to prepare an efficient and responsible 2021 budget that accounts for future capital needs while maintaining current service levels to the community. The City of Lloydminster continues to be challenged by economy-related revenue decreases, which have historically helped to offset tax-funded requirements. COVID-19 continues to place uncertainly with not only the health of our citizens but also the establishment of a 'new normal'. Additionally, the cost of providing basic municipal services continues to rise.

Given the current economic outlook and the impacts of COVID-19, Administration has strived to realize opportunities for savings and maintain revenues in 2021.

Throughout the 2021 Draft Budget, Administration has aligned its plans with Council's strategic direction, leveraging federal and municipal funding programs to support critical infrastructure, attract investment and spur our local economy. In mapping fiscal priorities for 2021, Administration sought to maintain 2020 municipal service levels, while also implementing infrastructure replacement that may stimulate the local economy.
