

2020 STREET IMPROVEMENT PROGRAM

The season for street improvement and annual maintenance is here!

There are numerous project locations for 2020, including new sidewalks and repairs to existing sidewalks, new walking paths and upgrades to existing walking trails. Intersection rehabilitation, curb and gutter repairs, roadway patching and the addition of turning lanes are also a part of the 2020 SIP, with work expected to conclude at the end of September. Safety is our top priority; please obey all signage, speed limits and barricades.

MAP HIGHLIGHTS MAJOR PROJECTS
