

SECURITY POLICY STATEMENT – LLOYDMINSTER AIRPORT

The Lloydminster Airport, in partnership with its employees, will operate in a manner that ensures security is a priority and fundamental to the Lloydminster Airport's operations. Senior management will, therefore, ensure that all decisions about the airport – large and small – take into account the potential impact on the security of our operations.

The Lloydminster Airport is committed to being a leader in security and to continually improve security through the following objectives:

- Enhancing cooperation and collaboration with our security partners;
- Promoting a culture of security vigilance and awareness;
- Implementing effective processes and procedures that meet national and international standards and complying with all applicable legislative and regulatory requirements;
- Reviewing all security incidents and breaches including implementation of corrective actions and lessons learned; and
- Communicating and informing the airport community regarding security issues.

Achieving these objectives requires the full understanding by everyone in the airport organization (and community) of their security responsibilities and their commitment to fostering a proactive security culture.

A handwritten signature in black ink, appearing to read "Fred Ackerman". The signature is written over a horizontal line that serves as a baseline for the signature.

Fred Ackerman
Airport Security Manager – Lloydminster Airport
