

LLOYDMINSTER

2018 Cannabis Survey Results

The City launched an online cannabis survey, which garnered 416 responses between April 17 and May 4, 2018. This documentation is a record of the feedback that was submitted.

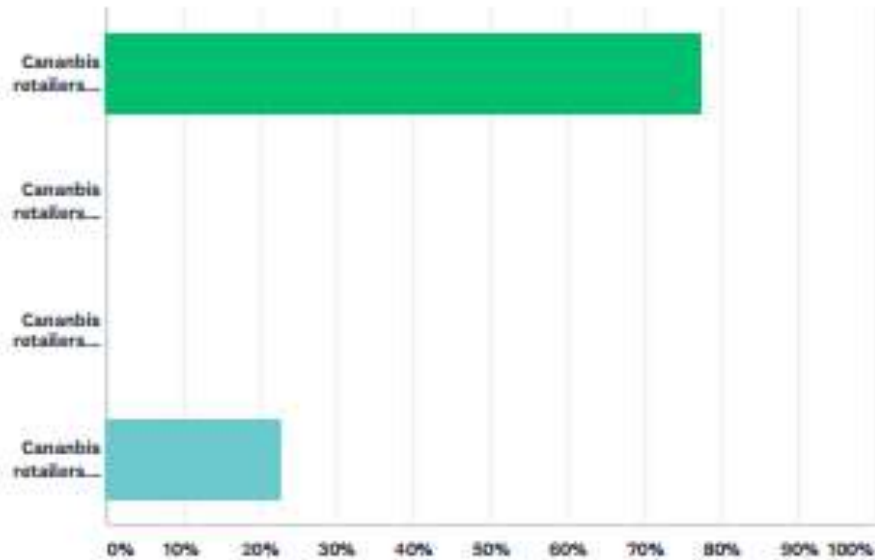

In addition to the Cannabis Survey, residents were invited to join City Council and Administration for a 'Your Voice' public-engagement event on Thursday, April 19, 2018 at the LloydMall to review and discuss information relating to changing federal cannabis legislation and potential impacts for Lloydminster residents and businesses. Approximately 90 residents attended throughout the evening.

The following data, along with all recorded comments from the survey and the Your Voice event will be presented to City Council during a Regular City Council Meeting, and will be used as information in the decision making process.

Thank you to all residents and stakeholders who took time to provide the City of Lloydminster with feedback throughout this process.

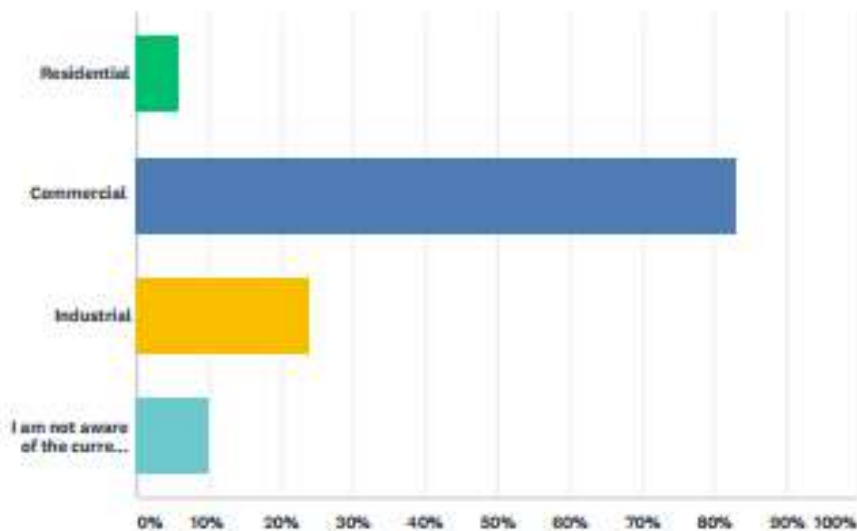

Q1 Currently, cannabis stores in Alberta are permitted to operate between 10 a.m. and 2 a.m., seven days a week. Cannabis stores in Saskatchewan are permitted to operate between 8 a.m. and 3 a.m. Should cannabis retail stores in Lloydminster have similar limitations for hours of operation?

Answered: 414 Skipped: 2

Q2 What zoning districts do you believe cannabis retails should be located?

Answered: 413 Skipped: 3

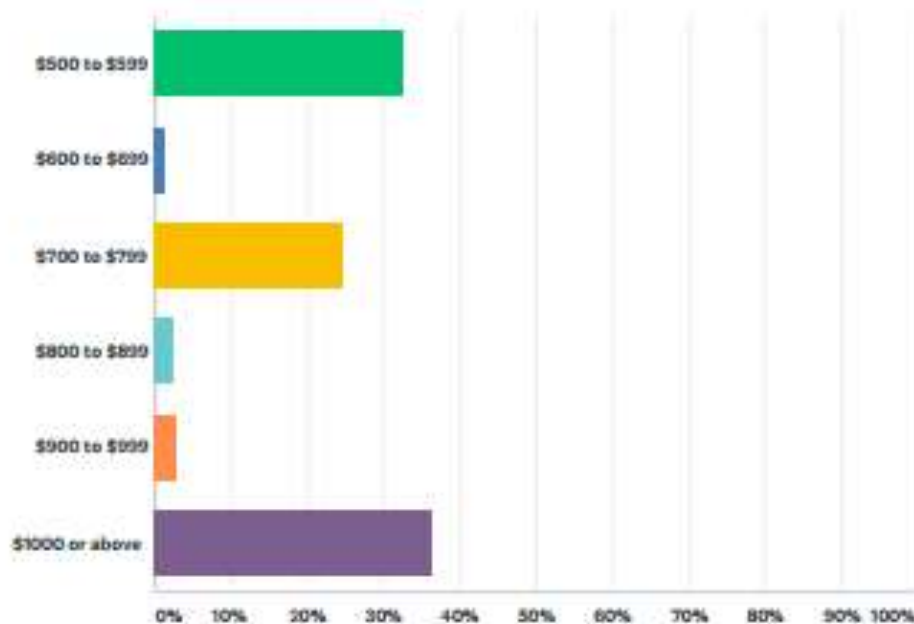

Q3 Are there specific areas that you believe cannabis retail stores should not be located? If so, where?

Answered: 332 Skipped: 84

The City of Lloydminster will compile the submitted feedback, and will present the information to Council where it will be considered in the decision making process.

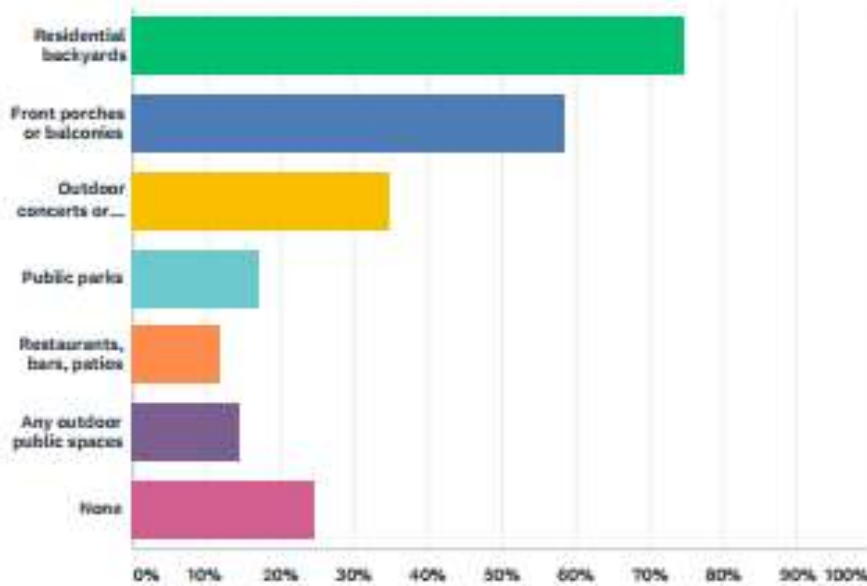

Q4 The City is currently proposing an additional business licence fee for cannabis retail outlets. The funds raised by these fees are distributed to local non-profit organizations and public safety initiatives. This fee will be an additional \$750 annually, do you believe the fee should be:

Answered: 408 Skipped: 8

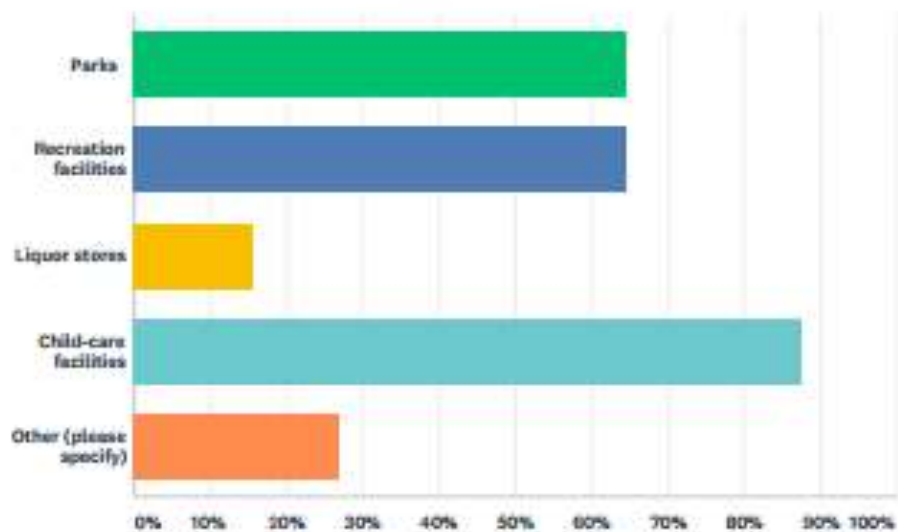

Q5 Select any places you feel are acceptable for people to consume (smoke/vape) cannabis. Check all that apply.

Answered: 408 Skipped: 7

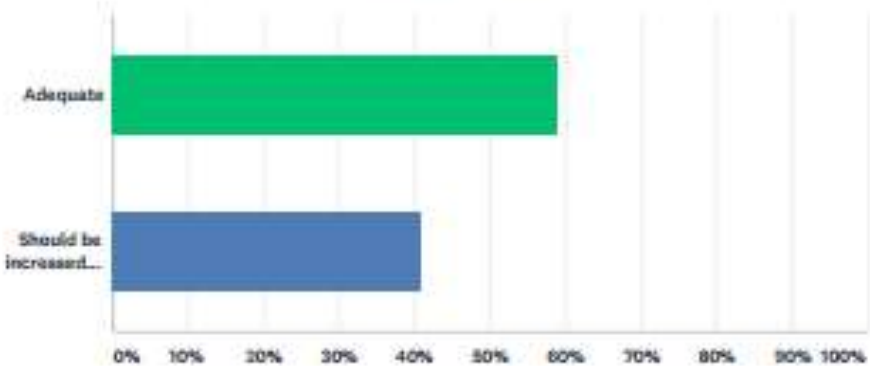

Q6 Considering the information above, do you feel the City should include any other locations in the minimum distance restriction list?

Answered: 375 Skipped: 41

Q7 Considering the information above, do you believe the minimum distance of 100 metres from all mandated locations is:

Answered: 338 Skipped: 18

Q8 Share any additional comments or questions regarding legalization of cannabis and retail sale of cannabis in Lloydminster.

Answered: 158 Skipped: 258

The additional comments that were collected will be presented to City Council and will be considered in the final decision making process.
